SUBJECT: 2021 Pool Season

We are pleased to inform you that the 2021 St. Asaph Square pool season officially begins on Saturday, May 29, 2021. Please make sure you review the important Rules and Regulations with the pool hours of operation and rules attached.

Residents' Pool Use

During the 2021 pool season, in order to use the pool, residents and their guests will be required to use the app to gain access to the pool through electronic passes. Additional information on the app can be found at the end of this document. You must email stasaphsquarepool@gmail.com for information on the app if you do not automatically receive an invitation to download it.

Guests

In order to defray some of the increased costs of insuring, operating and maintaining our pool, we charge a nominal guest fee. Each unit will be afforded four (4) complimentary guest passes for the season. Once the complimentary passes have been used, residents will have the ability to purchase additional guest passes through the pool app at the cost of \$7.50 per person, per day, with the maximum number of allowable guests per resident not to exceed four (4) a day.

Residents, please remember that it is your responsibility to inform your guests of the St. Asaph Square's safety pool rules and regulations, attached. Enjoy your summer season at the pool!

Sincerely,

The Pool Committee

App for pool entry

If the office has your email address, you should receive an invitation to download the app. If you do not receive an invitation, you must email stasaphsquarepool@gmail.com for information on how to access the pool. You will receive instructions regarding the app we are using for electronic pool passes this year.

After you download the app, you will have to verify your identity. Once fully verified, you can open the app, enter your email address and upload your photo.

On the main page of the app, you don't need to click on "swimming pool" since we no longer have to reserve times. The entry code is the little square at the top right corner. Once you tap it, it will get larger so it can be scanned for entry.

You will also be able to get notifications regarding the pool in case of weather closures, etc.

THANKS and enjoy the pool!
